

TIPS TO SUCCEED

in Civil and Construction Engineering

READ THE WEEKLY NEWSLETTER.

Sent from cce.communication@oregonstate.edu, the newsletter features events, advising updates, jobs, internships, and more.

JOIN A STUDENT ORGANIZATION.

As a member, you can connect with fellow students and engineering professionals and gain valuable experiences through events and competitions. Student organizations also host **speaker meetings** with employers and **on-campus interview opportunities**.

INTERN WITH AN EMPLOYER.

Gain **professional experience** and create a network of contacts by completing one or more internships throughout your CCE academic career.

VISIT THE CAREER DEVELOPMENT CENTER.

The center provides job listings, career fairs, and consultations.

APPLY FOR SCHOLARSHIPS.

The College of Engineering scholarship application is open from November 15 to February 15. Other scholarships are published in the weekly CCE newsletter.

DEVELOP A STUDY SCHEDULE.

Note your homework deadlines and schedule consistent times for study.
