Dr. Joseph Hartman. Chair, Department of Industrial & Systems Engineering. University of Florida. Interview dates: June 12 & 13.

Dr. Ramesh Rao. Director, UCSD Division of the California Institute for Telecommunications & Information Technology. Interview dates: June 14 & 15.

In the News

Congratulations to [Professor Karen Dixon](#) who was recently promoted to the rank of *Professor*.

Opportunities

Annual ASCE-AGC Softball Game – Plan to join us on Friday June 8 at 4:00 pm in Avery Park.

[Pro-School Application Workshop](#) – hosted by COE.

Wednesday, June 6th

4:00-5:00pm

Kelley 1001

Pick up your graded homework before the end of term in 101 Kearney Hall!

Graduation

CEM Hardhats – are now available for pickup. See Margie in 101 Kearney Hall. You are welcome to wear your hardhats again at OSU Commencement; however, you should tape the tassel to the hard hat!

All those in ROTC are welcome to participate in our CCE Graduation in your military uniform and forego the traditional cap and gown attire.

JUNE 15, Fri - [CCE Graduation Celebration](#), an evening celebration for parents, relatives, and friends with your CCE faculty and staff. Cap & gown are required (purchase at Bookstore; CEM students will get hardhats from Margie.) RSVP before 6/5/12.

JUNE 17, Sun – **OSU Commencement**, Reser Stadium, 3:30pm – *rain or shine!* Eligible graduating students must register to attend by Friday, May 18, 5pm. Up to 8 tickets per student. [More...](#)

Jobs

Summer Research Opportunity - Are you going to be in Corvallis this summer and have nothing to do? How about getting paid to assist with fluid-structure simulations through an NSF-supported research experience for undergraduates (REU) program? Must have taken CE 382 and be a rising senior. Reply to [Prof. Michael Scott](#) with interest.

Construction Intern (requires travel) - [TEC Equipment, Inc.](#) Our primary business is dealerships, we sell semi-trucks (like your local ford or Chevy dealer...only we do it with 18 wheelers). We also design and build our own facilities, of which we have 22 scattered on the west coast. Presently we have one 20,000 sf just coming out of the ground in Portland with a second 35,000 sf about to go into Portland Planning for permits. One store in LA just completed (60,000 ft), and now two underway in Portland. A great opportunity for a junior or 5th yr senior in CEM to get a true full exposure to the entire construction process. The intern will work out of our Portland offices, help with the permit, design and purchasing/costing process for the to-be-built building as well as on-site time with the construction manager. The job will be 8-5 daily and runs from the end of June through end of August, \$15/hr. **Application deadline is June 8.** (Note: Mr Thompson is on our CCE Advisory Board and says only UO students have applied for this position! He's *very eager* to hire an OSU student!!)

[David A. Thompson, dthompson@tectrucks.com](#)

PROJECT INTERN - If you're interested in pursuing a career in the heavy civil construction field, then an internship with Concrete Placing Co., Inc. (CPC) may be the jump start you need for a rewarding and challenging career. Depending on your career goals, an internship will be tailored with experience in one or more of the following areas. As an intern with CPC, you'll gain an edge towards regular employment while receiving a competitive salary while working. You will receive practical experience in your chosen field. In addition, the workplace environment will help you explore your current and future career goals. You will develop confidence as a professional and increase your marketability when seeking a permanent job. We are currently on a paving project in the Portland International Airport on the South Airfield Taxiway. This position will be handling the paperwork for submittals, correspondence and various interactions with the Owner and the General Contractor. Our general office is in Boise, ID so there will be constant interaction with that office as well. This project will be extremely fast paced. Submit resume by mail, fax or email.
