Calendar

JULY 4, Wed – Independence Day. OSU and CCE offices closed.

Of Interest

CCE newsletter is on vacation next week. Yay.

The Office of Sponsored Programs will offer training on the **Cayuse 424** and **Cayuse SP** proposal system on July 12 from 9 to 10:30 a.m. in the Barnard Classroom. Any interested faculty and/or staff are welcome, but attendance is limited to 40. Send an e-mail to sponsored.programs@oregonstate.edu in order to reserve a space. This session will be offered at least monthly throughout 2012.

The **OSU Libraries Summer Graduate Student and Faculty Workshop** series runs July 24-26. Sessions focus on citation manager tools (EndNote/EndNote Web, Mendeley, Zotero) and data management. Sign up today to save your seat: http://bit.ly/graduate_workshops. Questions? Contact Hannah.rempel@oregonstate.edu.

Opportunities

JULY 3-4 – [Red, White & Blue Riverfront Festival](#), includes parade and Fun Run/Walk.

JULY 12-15 - [Philomath Frolic & Rodeo](#)

JULY 13-15 – [Cycle Oregon Weekend Ride](#)

JULY 14, Sat - [Barrel to Keg Relay](#). Starting at the Harris Bridge Vineyard in Philomath, teams make a scenic relay to Newport. Proceeds benefit Community Services Consortium.

JULY 20-22 – [da Vinci Days](#)

Summer Fun

For those of you who do not know me I am a second year graduate student in the structural engineering department and I am trying to get weekly activities together for this summer. Last term we started some faculty and student sports games every Tuesday at 5:30 and were hoping to continue that this summer.

While we mainly played soccer the plan is to change the sport up each week. Within the next week I hope to make a set e-mail list so I do not have to send separate e-mails each time. If you have any interest in being on that list please e-mail me at pflaamt@onid.orst.edu.

THIS WEEK

Tuesdays: 5:30 pm Beach Volleyball

Wed: 5:00pm Soccer on the Dixon Turf (Bring a White and Dark Shirt)

As of now those are the only set plans but I am hoping to pull together some bigger games such as softball or kickball as well. I know 5:00 might be hard for a lot of you with families so if people want I can try to plan something on a lunch break during the week as well.

If you want to know how much fun we have had you can talk to Andre Barbosa, Arturo Leon, Armin Stuedlein, Ben Mason, Kenny Martin, Michael Scott, or John Gambatese since they have come out to join in!

All are welcome - I hope to see you tomorrow!

Therese Pflaum

Fall Term Classes

[CE 505 - Special Topics in CEM, Lean Construction: Management of Project Production Systems](#). For more information, please contact our CEM faculty member, [Dr. H W Chris Lee](#).

[CE 540 – Special Topics, Stormwater Management and Modeling](#) will be offered in the Fall of even years, beginning this Fall (2012). This course will present state-of-the-art practices of urban drainage systems design, stormwater management, and modeling of stormwater and combined sewer systems. Topics of this course include urban hydrology and hydraulics, modeling of combined sewer overflows (CSOs), stormwater quality and receiving-water impacts, design of drainage systems, best management practices (BMPs), and computer modeling techniques. The EPA Stormwater Management Model (SWMM) and the Illinois Transient Model (ITM) will be used in this course. Contact [Prof. Arturo Leon](#).

Jobs

Project Manager / Engineer - Steel Erector and fabrication company is seeking a qualified applicant for an entry-level position that will be responsible for developing cost estimates on simple to complex projects as required by our clients documents and Managing awarded Projects. [More. . .](#)

Project Engineer – Penhall Company is a specialty subcontractor in the demolition industry and we've recently decided to bring on a new Project Engineer in our Portland Office. [Apply online.](#)
