Opportunities

COE scholarship applications are now OPEN! To apply, visit [here!](#) Deadline is February 15, 2014. If you have any questions about the scholarship application, email askengineering@oregonstate.edu.

Advanced American Construction, Inc. of Portland, formed the Schweiger Memorial Scholarship Fund to provide scholarship to students working to realize their dreams in the Construction/Engineering industry. Information and application can be found [here](#). Deadline to submit application is March 1, 2014.

Evette Harless Scholarship ; National Go Solar Foundation (NGSF) established the “Evette Harless Scholarship”. This scholarship awards \$1000 annually to up to ten graduate students. More information and the requirements are available in the organization’s website: <http://www.ngsf.org/scholarships>.

The Bullitt Foundation is now accepting applications for the 2014 [Bullitt Environmental Fellowship](#). Each year, one outstanding graduate student from a university located in the Pacific Northwest or British Columbia is selected for this prestigious award of \$100,000, distributed over two years. The Fellowship was established in 2007 to honor Priscilla Bullitt Collins, the late chair of the Bullitt Foundation who donated her time, energy and money working for the public good. More information, FAQ’s, and application instructions are located on their [website](#). Deadline is April 1, 2014.

The Association of Dam Safety Officials (ASDSO) sixth annual Student Paper Competition and second annual Student Poster Competition will be held in conjunction with Dam Safety 2014, Sept. 21-25 at the San Diego Convention Center in San Diego, CA. ASDSO invites students to submit papers and posters on dam and levee safety. Topics may include traditional areas of design engineering, structural and geotechnical analysis, hydrology, hydraulics, construction, risk management and hazard mitigation, emergency action planning, dam security, and policy. Faculty members are also encouraged to submit abstracts. Visit the [Dam Safety 2014](#) main page for more information.

The Dwight Look College of Engineering at Texas A&M University invites students from your program to apply for the **2014 Undergraduate Summer Research Grant (USRG) Program**. During this summer research experience, participants work closely with faculty members on current or individual research projects, attend development and GRE workshops, make a formal poster presentation of their research experience, and submit a final written report describing the results of their research. Additional information and the application can be found at <http://easa.tamu.edu/usrg>. Deadline is Monday, February 10, 2014.

Student Groups and Speaker Meetings
